Can you use the rest of this space to highlight the things that are presently causing you the most worry and anxiety about your situation and about your children's situation:

- ① I am worried about money and where we will live. I feel financially vulnerable as I did not work in our marriage and although I have a part time job now I do not earn much. The children still need me.
- ② I feel worried about how Pete and I will tell our children about our separation and when is ~~the~~ the best time to do this.
- ③ I wonder how Pete and I can avoid ~~us~~ falling out really badly. I really hope we can do this but he is really upset and can be very angry with me about all of this.
- ④ Pete is desperate to reconcile and is not really listening to me.
